

2020-2021 Conference of Clubs

Rotary Club Environmental Projects Guide

Rotary Vision Statement

Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves. Rotary's Vision Statement

Brief Overview

2020-2021 Club Environmental Projects.

Rotary District 5960 Clubs are being asked to join with neighboring clubs in planning and implementing an environmental project in their area. These projects can be put into action anytime during the months of April and May culminating in a celebratory event on June 5th. You can do joint projects or support each other's projects in your own communities.

In addition to working with neighboring Rotary Clubs, clubs are encouraged to consider partnering with other service organizations: Environmental Groups, State/County/Local Government, Schools (Elementary, Middle, High and Higher learning) and youth groups in your community

We would like to hear from you with a brief statement of what type of project you are considering by February 26th. Here is the [LINK](#) to pass along your information.

Project should consist of the following criteria.

1. Environmental focus
2. Engagement of club members
3. Engagement of partners
4. Fellowship
5. Fun

Conference of Clubs Celebration – Live & Virtual Event

Saturday, June 5, 2021 “World Environment Day”

9am – 1pm

Levee Park - Rotary Pavilion

Hastings, MN

Rotary & The Environment

Supporting the environment becomes Rotary's seventh area of focus, which are categories of service activities supported by global grants. It joins peacebuilding and conflict prevention; disease prevention and treatment; water, sanitation, and hygiene; maternal and child health; basic education and literacy; and community economic development.

“It is time for us to use our collective resources to invest in a smart and efficient way to protecting our environment,” says Foundation Trustee Chair Gary C.K. Huang. “We are qualified to take this initiative because we are a global group of problem solvers with diversified talents.”

Sample Environmental Focus:

- Pollinator gardens
- Rain gardens
- Tree planting
- River cleanup
- Park cleanup
- Trail maintenance
- Garden prep in parks
- Garden prep in community gardens
- Highway cleanup
- Biodiversity nature hike
- Composting
- Electric vehicle recharging stations
- Sponsor outdoor teach-ins
- Beach Cleanup
- Your favorite new or existing environmental project
